

Dan Young, BCN,CNC

Naturopath - Author - Lecturer - Radio Talk Show Guest

Questions to consider asking Dan about his:

History as a Naturopath - Clinic in Cheyenne - Why People Get Ill -  
Educational Philosophy for the Listeners.

1. For our listeners, what exactly is a Naturopath?
2. Is there a story behind you becoming a Naturopath?
3. What should a person know if they are new to Naturopathic care?
4. Who can benefit from this approach, is there an age group?
5. A big concern our listeners may have, cost of care. Can you address this?
6. You mention Barriers that interfere with healing, tell us more about that?
7. What makes naturopathic care better than pharmaceutical care?
10. What can the investment be for a person to use Naturopathic Therapies?
11. Because this approach is foreign to most people, what can they do to get educated on natural or alternative care like Naturopathy?

The preceding questions are supplied as a professional courtesy to the host. Most hosts find that these are questions most suitable to the topic and their listeners and would have asked them anyhow but it is nice to be prepared in advance. We both come across more professional that way!
